As you are aware the City of Hermosa Beach has instituted an Internet and E-mail Policy (Administrative Memorandum, IT-1) that establishes that "All communications transmitted on the E-Mail system are the property of the City and are subject to disclosure under the Public Records Act," and that "E-mail communications are not confidential." Additionally, as to any electronic mail messages that may be covered by this request, please note the effect of the passage of Proposition 59, which added Article I, section 3(b) to the California Constitution, to effectively neutralize the "deliberative process," exemption for electronic and other written communications among agency employees.

We ask for a determination on this request within ten (10) days of your receipt of it, and an even prompter reply if you can make that determination without having to review the record(s) in question. If you determined that any or all of the information qualifies for an exemption from disclosure, we ask you to note whether, as is normally the case under the Act, the exemption is discretionary, and if so whether it is necessary in this case to exercise your discretion to withhold the information. If you determined that some but not all of the information is exempt from disclosure and that you intend to withhold it, we ask that you redact if for the time being and make the rest available as requested. In any event, please provide a signed notification citing the legal authorities on which you rely if you determine that any or all of the information is exempt and will not be disclosed.

Under Section 6256, the City has ten days within which to respond to this request. If the Department chooses to withhold information, it must justify such withholding pursuant to Section 6255. If we are required to bring suit in order to obtain these records, we are entitled to attorney fees under Section 6259.

If you would like to discuss this matter further, please do not hesitate to contact the undersigned.

Very truly yours,

/s/ Corey W. Glave
